Star of CSI: Las Vegas, Robert David Hall, celebrated the first anniversary of CSI: The Experience at MGM Grand in Las Vegas on Wednesday, September 22, with a signature CSI: The Experience crime-scene cake. A challenging and fun multi-sensory attraction, CSI: The Experience places guests in the role of crime scene investigator as they solve one of three true-to-life mysteries. Season 11 of CSI: Las Vegas, which stars Hall as Dr. Albert "Al" Robbins, premieres tonight on CBS.

In honor of the first anniversary, CSI: The Experience will donate \$1 from every ticket sold during the anniversary celebration, September 20-26, to the Nevada Victims of Crime Program. MGM Resorts International's Corporate Philanthropy Program will match the donation made by CSI: The Experience.

Spanning 12,000 square feet and featuring thousands of hand-made props, CSI: The Experience comes to life through a captivating multi-media environment featuring dazzling special effects, meticulous crime scene recreations and two state-of-the-art crime labs.
